

Crypto Currency: 2 Needed Properties

1. Funds Available

Go back & Trace
history on the
block chain.

2. Prevent Double Spending

- Once a transaction is on the block chain, the money is yours*
- Wait for the block to be mined.

The Future of the block chain

- Quantum Computing:
↳ Theory 1

Problems w/ theory.

People in the room.

Not financially worth it.

- The unit of work is constantly changing
↳ SELF-Stabilizing system
